GENERAL CHARACTERISTICS

A line of small-sized cooking equipment designed for those who, even in small spaces, do not want to give up great performance. Made of AISI 304 18/10 stainless steel, finely finished with Scotch Brite satin finish, it has rounded edges and large capacity enclosures; it has 600/650 mm depth and modular width of 400/600/700/800/1000 mm; the series is completed by open, armored or refrigerated base supports.

The equipment is easily modular to one another until it forms a compact, gap-free whole thanks to a leak-covering profile that provides protection against leakage and thus maximum hygiene. High chimneys, ergonomic knobs mounted on a sloping dashboard for easy visibility, give the range ease of use from the first approach.

All models are CE approved.

TECHNICAL SPECIFICATIONS

Chromed, mild steel (extra EU) and AISI430 cooking plates in various sizes and shapes are heated by gas burners or high-powered electric heating elements, such as to ensure rapid temperature rise and maintenance of the chosen values.

For non-chromed gas models, the temperature is adjustable from 120-280°C, for the chromed version from 90-250°C, and for electric from 0 to 300°C.

The plates are equipped with splash guards so as to ensure perfect cleanliness and hygiene of the cooking surface.

The work surface is slightly inclined so as to channel sauces, fats and condiments, into the large-capacity collection drawer.

Gas models are equipped with piezo ignition, pilot flame, thermocouple and valved faucet to ensure maximum safety.

Technical Information

| SPECIFICATION | DATA |
|--------------------------|--------------------------------|
| MATERIAL | CR0999919 |
| DEFINITION | N6FTT/G605 FTG LC 60 M60 TERM. |
| COMMERCIAL LINE | SERIE 600 |
| SUPPLY | GAS |
| DIM. WIDTH | 600 mm |
| DIM. PRODUCTIVITY | 650 mm |
| DIM. HEIGHT | 295 mm |
| NET WEIGHT | 62 Kg |
| VOLUME (net) | 0.115 |
| PACKAGE LENGTH | 640 mm |
| PACKAGE WIDTH | 740 mm |
| PACKAGING HEIGHT | 680 mm |
| PACKAGE VOLUME | 0,320 m3 |
| GROSS PACKING WEIGHT | 72.6 Kg |
| GAS POWER | 13 |
| GAS POWER (G25.3/25mbar) | 12,50 |
| CERTIFIED MODEL | N6FTT/G605 |
