SERIE  
QUEEN 7

## GENERAL CHARACTERISTICS

For those who do not want to give up the quality and solidity of a Queen stove, the Series 7 offers a 700 mm depth and more compact dimensions to fit any room, burners available in various configurations and wattages, enhanced by the refined Scotch Brite finish.

Thanks to its extreme compositional freedom, every composition is possible: you can combine Model i tops with accessorizable oven and neutral bases and hygienic finishes; create customized solutions by matching and attaching equipment back to back, sideways "flush" perfectly sealed, or "bridge" structures, offering high-level solutions that always perfectly meet the chef's needs. As a total guarantee, all equipment that make up a Queen7 kitchen are certified in compliance with international standards, including CE, GAR, AGA and others.

## TECHNICAL SPECIFICATIONS

Unbreakable watertight glass-ceramic top.  
Cooking zones marked with circular silk-screen printing 23 cm in diameter.  
2.5 kW single zone power.  
Heating activation light and residual heat indicator light.  
Electric oven  
Stainless steel cooking chamber (57.2x58x30 cm), thermally insulated and equipped with 3 anti-tip guides for Gastronorm 1/1 containers.  
Stainless steel door and counter door, perfectly insulated and mounted on self-balancing hinges.  
Ergonomic full-length, thermally insulated handle.

Firing surface temperature 70° to 450° C

Equipment certified for low voltage directive 2014/35/EU according to the international CB scheme.

Thanks to the jet-proofing certification obtained through specific tests, knobs and under-knobs can be washed at the end of the working day without compromising functionality and safety.

The front bar is a comfortable foothold for the cook; it keeps a safe distance from the worktop and thus protects against accidental collisions with what is resting on the worktops and at the same time the handles.
