## GENERAL CHARACTERISTICS

Professional dishwashers designed to meet the needs for efficient and rapid cleaning of dishes and utensils in commercial settings, such as restaurants, hotels, and similar food facilities.

Baron professional equipment is designed to handle a high volume of dishes and ensure high hygiene standards in commercial settings.

## TECHNICAL SPECIFICATIONS

Glass and dishwashers, ideal for bars, pubs, restaurants and hotels. These front-loading undercounter machines, with an attractive design thanks to the renewed electromechanical control panel, offer a large loading capacity, guaranteeing maximum performance at an affordable price. The many optional extras available such as softener, detergent dispenser and drain pump allow the machine to be customised to the user's needs. The many options available such as softener, detergent dispenser and drain pump allow the machine to be customised to the user's needs.

New electronic versions available in the T models with LED control panel that offers the display of washing and rinsing temperatures, the selected programme, working status and main alarm codes. They also offer 4 standard washing programmes that adapt the machine's performance individually to the type of dishes to be washed.
